

# **CBSE Science Model Making Competition**

**Delhi Public School Ruby Park, Kolkata**

**Category - II**

**Sub Topic – Waste Management**

**Date – 9 November 2024**

I, Swarnadeep Mukherjee and Anish De went to B.D Memorial International school for the CBSE Science Model Making Competition. On the first day, i.e 7<sup>th</sup> of November 2024, we went to the school by car provided by our school to setup our model. The next the was actually the first day of the competition where the first round of judgement took place. We were provided with light refreshments and we were self dispersed around 5 pm.

The next day, the second round of judgement took place and after a while we all moved to the auditorium for the declaration of the results. At last, we got selected in category 2 Waste Management.

Thanks a lot to CBSE for organising this event and also thanks to our school and our mentor for their guidance.

Thank You

Yours faithfully

SWARNADEEP MUKHERJEE
